ET GROUP®

DOORS & SYSTEMS

The New Classic interior door collection is an elegant and inspiring combination of classic style and eclecticism that provides new perspectives and ideas for your interior. This collection embodies the harmony between classic sophistication and modern functionality, creating unique doors that will transform your space.

Each New Classic door is a work of art, where attention to detail and high quality materials combine to create a door that meets the highest quality standards. Our collection offers a variety of new designs so that you can find the perfect solution for your interior.

With New Classic you can unleash your creativity and add a sophisticated accent to your home. New Classic doors are ideal for those who appreciate classic beauty but do not want to give up modern conveniences. They create an atmosphere of warmth and comfort, giving your interior a unique charm.

Let the New Classic collection become the key to your unique style and enhance your interior.

Responsible development means production in accordance with environmental protection regulations and the conservation of natural resources in line with socio-economic policies.

The ET GROUP company operates in accordance with European standards UNI EN ISO 9001 for quality and UNI EN ISO 14001 for environmental management, demonstrating the voluntary commitment of the company's management to conduct its activities without harm to the environment.

Environmental policy is reflected in adhering to specific production processes, as well as in the use of specialized materials such as select timber, water-based paint, and solvent-free adhesives.

All of this, along with production facilities for purification, filtration, and recycling, makes the entire production process safe and environmentally friendly.
